Pine, group the objects by circling around them. How many should be in each group? Which part of the calculation shows this?

12 ÷ 2 = 6

10 ÷ 2 =

8 ÷ 2 =

16 ÷ 2 =

18 ÷ 2 =

14 ÷ 2 =

Now have a go but LOOK carefully… how many need to be in each group? Use drawings to help you like before!

12 ÷ 3 =	15 ÷ 5 =
20 ÷ 10 =	25 ÷ 5 =
21 ÷ 3 =	3 ÷ 3 =
