

Love your Home-Start

School dress down day

12th February 2016

On 12<sup>th</sup> February Greenway will be taking part in the first dress down day for the charity we are supporting this year - Home-Start Dacorum.

**Our school works with families to support, nurture and teach children to become capable and caring adults. Home-Start volunteers take this ethos to heart and support families in their homes.**

**Why? ....**

.....**because** in times of illness, bereavement, mental health, disability, multiple-birth, and relationship breakdown, post-natal depression or other stresses a family can feel overwhelmed and isolated. Home -Start helps families face these challenges and we can all do with a nonjudgmental helping hand in times like these.

By donating **£1 and coming in non-uniform on Friday 12<sup>th</sup> February** children will be part of a Dacorum wide initiative. They will also receive a sticker to say "Thank You" for caring.

Our school is proud to support this local charity, the work it undertakes in helping parents and the role of volunteering in our local community.
