Head Teacher: Katharine Ellwood

Dear Parent/Carer

During the week beginning 14<sup>th</sup> March Greenway we will be supporting 'Schools' Autism Awareness week', initiated by the National Autistic Society.

At least 1 in 100 people in the UK have autism. So chances are that you will know someone with autism!

During this week, we will be helping the Greenway children to understand autism and equip them with awareness and knowledge to accept and empathise with autistic people.

The children will learn about autism in an assembly and fun, imaginative lessons and activities that are appropriate to their age.

Should you wish to learn more, I would recommend two very useful websites:

The National Autistic Society <http://www.autism.org.uk/>

The Autism education Trust <http://www.autismeducationtrust.org.uk/>

Please feel free to contact me should you require any further information.

Yours faithfully,

Dani Roe

INCO Inclusion co-ordinator/ Greenway Autism Lead
