Friday 27 April 2018

Dear Parents

E safety curriculum evening – CHANGE OF DATE!
Tuesday 22 May at 7-9pm

We have invited Richard Maskrey, who was the Local Authority lead on E-safety and is now an independent consultant, back for another parents evening. This was highly valued by all the parents who attended this training. Unfortunately Richard has had to change the day he can deliver the training and sends his apologies for this. The training is now taking place on Tuesday 22 May 7-9pm. If you would like to attend please complete the slip below or you can email the office so that we are clear on who is attending.

This training is for all parents with children from Nursery through to Yr 6. By the end of the training you will be clear on how you can support your child with all aspects of technologies ranging from Ipads to smart phones. You will be advised as to how you can ensure your child is safe when using these technologies and how you as parents can investigate and further understand the apps and games that children access are suitable.

This will be a different presentation from last time so please attend so that you can leave fully informed about how you can work in partnership with the school to support your child when using these technologies appropriately.

Regards

Katharine Ellwood
