

Pupil Premium Strategy Statement 2019-2020

Pupil Premium is a grant given to schools to be spent on ensuring that pupils that are or have previously been in receipt of free school meals (FSM), those that are or have been in local authority care and children of those working in the services make good progress in their learning. Progress of all pupils is carefully tracked and regular, half termly pupil progress meetings inform our decision making about mapping provision to need accordingly. At Greenway one of the main barriers we find to educational achievement is social and emotional well-being which results in negatively impacting on children’s focus to concentrate and learn. Therefore, some of the funding is prioritised on helping children to manage their feelings and behaviour in order for them to be emotionally and mentally in a place to learn. In addition, money is also spent on the core areas of English and Maths through delivering first quality teaching and targeted interventions to accelerate children’s progress. Funding is also used to ensure that the children benefit from the rich extra-curricular opportunities on offer to our children to support fostering children’s strengths and interests, raising self-esteem and providing them with new opportunities and experiences. In 2019/20 the school will receive approx. £25,000 Pupil Premium funding. Half-termly Pupil Progress meetings monitor and track all children’s progress and measure the impact of additional provision.

Budget allocation for the year £ 25,000	What is it spent on?	What Happens?	What is the desired impact? End of school year 2020
£7000	Counselling	Children experiencing significant social, emotional difficulties and/or with trauma/distress are identified and supported by 1:1 counselling sessions weekly with qualified counsellor.
