It is really important at this time of uncertainty that you take good care of yourselves. Be kind to yourself and others around you. Create a good routine; get up and washed and dressed every day, drink plenty of water, limit screen time and have a good sleep pattern.

In these difficult times, remember that you may feel a mixture of emotions; angry, sad, lonely, frustrated, bored, scared – **AND THAT IS OK!** 

Reach out if you need to, talking is the best way to get help!

Take time for yourself and learn some really important good life habits.

### **Recipes**

#### **Slime**

#### Ingredients

**PVA Glue** 

Bicarbonate of Soda or Baking Powder

Contact Lens/Eyewash solution that contains borax in the ingredients

#### **Method**

Squirt PVA glue into a bowl

Add a pinch of Bicarb or baking powder

Add 2-3 drops of lens/eyewash solution

Stir until totally mixed together and it starts to get stiff

Knead together in bowl

Add any food colouring or glitter and

### **Saltdough**

#### **Ingredients**

1cup salt

2 cups all-purpose flour

1 cup luke warm water

#### Method

In a large bowl mix salt and flour.

Gradually stir in water. Mix well until it forms a doughy consistency.

With your hands form a ball with your dough and kneed it for at least 5 minutes. The longer you kneed your dough the smoother it will be.

Store your salt dough in a air tight container and you will be able to use it for days.

You can paint your creations with acrylic paints and seal with varnish or polyurethane spray. You can let your salt dough creations air dry, however salt dough can also be dried in the oven.

Bake at 200 F until your creation is dry. The amount of time needed to bake your creations depends on size and thickness; thin flat ornaments may only take 45-60 minutes, thicker creations can take 2-3 hours or more. You can increase your oven temperature to 350 F, your dough will dry faster but it may also brown, which won't matter if you are painting your entire creation (you can also cover your dough in the oven before it turns brown.

#### **Gratitude Treasure Hunt:**

Something that makes you feel happy One thing you love to smell

Something you like to look at

One thing that tastes good

Something that is your favourite colour

Something that makes you smile in nature

One thing that is very useful for you

One song that makes you happy

Something to give to someone else to make them smile

#### Resilience Bingo

Find one item that makes you feel calm and happy

Think of a time you felt really happy

Take a deep breath in and breathe out slowly

Give yourself a hug

Get a drink of water and look after your body

Find a place at home that makes you feel calm and happy and sit there for a minute

Tell someone you love how important they are to you

#### STOP! Take a minute to think about what is happening

#### The Five Senses Exercise

Something you can SEE
Something you can HEAR
Something you can TASTE
Something you can FEEL
Something you can SMELL
