

Dear Elm class,

I hope you are all well! I am missing seeing you every day in school. I know this is a strange time for us all, but I hope that you are enjoying your time at home and have been making your way through the activities I set for you, as well as creating some of your own! Have you learnt a new skill since you've been at home?

I have been keeping busy exercising, going out for walks, reading, baking and watching some films. What have you been doing to keep active and busy? I would love to hear about your time at home. Why don't you send me an email (with adult support) to let me know what you have been doing over the past few weeks?

I have also been Face-Timing all my family and friends in Manchester, it's nice to keep in contact with everyone during this time and keep talking (the twins have grown so much now and I can't wait to see them when we're allowed to travel again!) Have you been in contact with friends and family who aren't in your home? Remember to keep talking to everyone in your house too, keep sharing your thoughts and feelings and even though adults may not know all the answers it helps to share!

I have set some more activities for you to enjoy over the next couple of weeks.

Speak to you soon and take care,

Miss McGuire
