

Some children saved money. They counted how many 20ps and 50ps they had. Here is some of their information. Can you fill in the rest?

How many 20p and 50p coins did each child collect in total?

How many 20p and 50p coins did the all of the children collect in total?

Children	20p coins		50p coins		Total Amount saved (£)
	Number of coins saved	Amount saved (£)	Number of coins saved	Amount saved (£)	
Ahmed	12	2.40	13		
Jasper	15			9.00	
Clive	6				13.70
Amy					6.70

Complete Amy's bar using information from the table and fill in the variables represented by the information.

Write as many true statements about the bar chart as you can. Use the following key words.

difference total sum more fewer/less twice as many
