

## Planning your comic strip

Look at your story mountain and decide what pictures you need to show what's happening in each part of the story. Next, decide what characters will say and/or think in each picture.

	<div> <div>The picture (what you will draw)</div> <div> <div>What the character will <b>say</b> in this picture</div> <div> <div>What the characters will <b>think</b> in this picture</div> </div> </div> </div>
Introduction ...	<div> <div>A picture of an old cottage in the woods. A boy and grandma standing outside.</div> <div> <div><b>Grandma:</b> I think I'll have a little rest dear. What are you going to do this afternoon?</div> <div><b>Boy:</b> I wish I had a friend to play with...</div> </div> </div>
Build up ....	
Problem .....	
Resolution.....Ending.....
