

Herts School Games Virtual Finals: Pentathlon

9.6.20

Dear Parent/Carer

The Hertfordshire School Games sadly had to cancel their 10th Annual school games final. The organisers have decided that they would still like to run the finals through a virtual competition. Every Monday, the organisers will send me a new sport with a series of challenges for you to take part in at school and at home. These challenges will be available on one of the links below and I will email out these challenges weekly for you to get involved in, in addition to my personal challenge.

If you would like to enter all you need to do is read the competition pack (Virtual pentathlon pack), this week it is the Pentathlon, complete the activities and get the results to me. Write down your score and send them back to me by the end of the week. This competition is open to all children in years 3, 4, 5 and 6. Those of you currently attending school will have a chance to complete the activities in school. Again, if you would like to get involved at home, read the pack and record your scores for each activities and get these results to me at kai.lewis@greenway.herts.sch.uk by Sunday at the latest. Any entries after Sunday will not be collated. I will collate our scores and send our best scores to the school games organisers who will determine points and allocate team positions. There are prizes up for grabs. For this challenge your deadline is Thursday 18th June 2020 to get any results to me. Result sheets are included in the Pentathlon pack.

See the two links below for the Herts school games opening ceremony video with some familiar faces like Ben from the 401 challenge and Mike Mullen who did an assembly about BMX. There is also a link to the Herts sports partnership website with more info and updates on the weekly challenge. If you have any questions please contact me and I will try to support as best as I can.
