

Curriculum tasks for 2 weeks

Task 1 (Science):

Follow the link below and create your own birdbath!

<https://www.rspb.org.uk/get-involved/activities/give-nature-a-home-in-your-garden/garden-activities/maketheperfectbirdbath/#>

Task 2 and 3 (Art):

<https://engage.org/happenings/childrens-art-week/>

The above link will take you to the Children's Art Week, which is a UK-wide programme run by Engage, the National Association for Gallery Education.

Below are the themes for each week

- Week 1 (from 29 June): The Natural World
- Week 2 (from 6 July): Connecting across generations

Task 4 (ICT):

In the curriculum pack is 3 thinkyouknow pdf activity sheets.
Each one explorer online safety.

Task 5 (science):

Time to create your very own wildflower meadow in your garden!

<https://www.edenproject.com/learn/for-everyone/how-to-create-a-wildflower-meadow-in-your-garden>

The above link will give you instructions of how to do this

Task 6 (Science):

In the curriculum links, you will see one labelled Stem engineering challenges. For this task you will need to think about a problem you want to solve, big or small and what could be built by engineers to make this happen now or in the future (because that's what engineers do!!).

Task 7 (Science):

spinning science – Use the pdf to explore air resistance

Task 8 (Science):

Musical science – Use the pdf to explore vibrations

Task 9 (Science):

Scavenger hunt – Use the pdf to explore different materials

Task 10 (Science):

Body Science- Use the pdf to explore our bodies and the systems that they have
