

29th June 2020

Dear Pine,

I hope you're all well. I'm back teaching Year 2 now and it has been wonderful to see and teach most of you again! For those of you who aren't back at school yet, we all miss you and I will give you a call shortly to say hello. I also look forward to hearing from you via email. Please send me an email to let me know what you have been up too.

My cat has been unwell for a week so I had to take him to the vets. The vet is very kind and thinks my cat is soppy- he really is. Luckily he has some medication and is feeling his usual cheeky self!

I have created another two-week home learning pack. I hope you enjoy it. I know some of you will be doing a few of the days learning set in school and the rest at home. It involves you exploring the outside, with an adult, using your observation skills to really take note of what creatures you can see!

You are all doing a fantastic job at learning at home and at school.

Stay safe,

Miss Dell
