

Dear Willow class,

Hello Willow class, I hope you and your families are all well.

I have had a lovely time working with the reception children over the past couple of weeks but having you back in class has been amazing!

Seeing your smiling faces has been great and I know you have enjoyed seeing and playing with your friends.

I know it was a little strange at first but you all have used to the new routines quickly.

I have created another two-week home learning pack. I hope you enjoy it. I know some of you will be doing a few of the days learning set in school and the rest at home. It involves you undertaking some practical science experiments so I hope you enjoy them! There is also a maths activity that requires you to go outside.

Stay safe and keep up the hard work at home.

Mr Loczy
