

Dear Red Ash,

How are you all? It has been lovely seeing some of you in school. For those at home I still love getting your emails and photos. Keep them coming. I have been very impressed with you all and the learning you are doing.

I am glad you are doing other things too and following your interests. In the class, we call our bubble groups Kingdoms! We had fun naming the kingdoms.

For the next two weeks we will be learning about bees and using information books and video clips to support our learning. Read the letter from Betty Bee to find out how you can tell others about the importance of bees. Did you manage to make some kind of mini-beast home? Keep looking out for insects!

I hope the weather continues to be sunny, but we really need the rain for our gardens.

Please keep your emails coming, they make me smile!

Mrs Murphy xx
