

12th June 2020

Dear Maple Class,

I have been very impressed with how easily those of you who have been able to be back at school have adapted to the new routines and been so enthusiastic about learning. As you are not all in on the same days, you will need to pick which activities to do on your 'home learning' days. Any problem/confusion please do let me know.

Please continue to send me any examples of work of which you are particularly proud or would like to share with the class.

I have included a PowerPoint called 'Level-3-Bikeability' (produced by Hertfordshire Cycling) for those who want to cycle safely on the roads to school or for pleasure. You can also enter the Herts School Games Virtual Finals and send you results to Mr Lewis.

Well done to everyone,

Mrs Adams
