

Beech NEWS!

Autumn 2020

'Not Lost' stories!

All the children have been so enthusiastic to re-write their own version of the story 'Not Lost.' It's all about a Rabbit called 'Mini Rabbit' who gets lost whilst looking for berries to make a cake! We wrote the first drafts of our stories in our English books and then wrote them out neatly in our very own Mini Rabbit books! I was so impressed with how hard all of the children worked on them. We even shared the stories with Mrs Tritton who read a selection to her class in Nursery! 😊

Christmas activities!

This week we have loved painting our own Christmas boxes using a range of paints and glitter!

We also had fun learning how to make snowflakes and we decorated the classroom windows!

We hope that you have a lovely Christmas break! It has been a joy teaching your children this term!

Science

We have also really enjoyed learning about being healthy in Science this term. We found out all about different food groups and what we should eat for a balanced diet. It was interesting learning about the effect exercise has on our bodies too!

HAPPY CHRISTMAS!
