

# ELM NEWS!

Autumn 2020

## STICKS, STICKS!

Elm class have had a very busy Autumn term! I have been so proud of the way that they have returned to school eager to learn and share their learning.

Below are their own stick books, modelled on the story of 'Stanley's Stick'. We explored the school grounds and everyone found their own stick! This really helped the children use descriptive language.

Here is a picture of the classroom display showing our beautiful self-portraits but only using fruit!

## TV CHEFS AND FILM PRODUCERS

I know that some of the highlights of the children this term has been when they became film producers and TV chefs creating their Gruffalo tusk fruit kebabs! We wrote our own instructions to make delicious fruit kebabs.

In RE with Mrs Webb we have been learning about lots of different religions and below are some lovely Diwali rangoli patterns .

We had so much fun creating our Christmas cards using our cutting skills to create a slider. The children also made some fantastic decorations for the classroom.
