

1 December 2020

Dear Parents/Carers,

Personal, Social, Health and Economic (PSHE) Policy & Relationships and Sex Education (RSE) Reviews

I am very happy to attach our two draft policies for PSHE education and RSE.

In our previous letter sent to you on 13 November, we explained that we would be consulting with you, through Parent Forum. Please do take this opportunity to read both policies and then feedback your views to your Parent Forum representative.

Please can you send your feedback to your Parent Forum representative by **Sunday 6 December (9pm)**, as this will enable them to raise your questions and share your views anonymously at the Parent Forum Zoom meeting, which is taking place on Monday 7 December at 8pm. The Working Party of Governors, Katharine Ellwood and myself will also be present at the meeting.

If you have something sensitive to discuss/share in relation to the draft PSHE education and RSE Policies that you would prefer not to discuss with your Parent Forum representative, please do email Katharine Ellwood via head@greenway.herts.sch.uk.

We have already had discussions with our Working Party of Governors and will also be having discussions with some of our pupils, as well as all teaching staff. We will then present the Governing Body with final policies for their approval. The Governors will only ratify the final draft policies once all consultations have taken place.

Regards

Lorraine Tritton
Subject Lead - PSHE
