Dear Nursery Parents

A child in Nursery has an intolerance to fish, of any kind – whether cooked or raw. Unfortunately, they suffer with a nasty reaction, even if they just touch fish.  
Therefore, can we ask that no fish/shell fish be sent into school, for either snack or packed lunches.

As a reminder, this means no fish, sesame, hummus, eggs, avocado or nut products are to come into Nursery.

We appreciate your support with this.

Kind regards,

Lorraine Tritton
