**Re: Application for Outline Planning Permission re Land South of Berkhamsted**

Further to our letter dated 13 January we are attaching the Governing Body's response to the application by Taylor Wimpey for outline Planning Permission relating to land South of Berkhamsted as we thought that you might find this of interest.

If you do intend to respond to the application please remember that you need to do so **by Tuesday 21 January** – every adult in a household is able to respond and numbers count!

May we also suggest that you contact your local town councillor and our local MP if you have specific views that you believe they should be made aware of.
